

*ACCOUNTING AND BUSINESS PARTNERING*

## All Accounted For

As Chartered Accountants, Ben Duflou and Sarah Toner, and their All Accounted For team offer more to clients than just completing annual accounts and tax returns. They have the experience and tools - such as business performance monitoring, budgeting, strategic planning and tax management – you need to run a successful business.

They use leading cloud software, such as Xero, to ensure clients have timely and accurate info to monitor their business performance in real time. They are able to track against key targets, identify trends and assist owners deliver business growth.

A wide range of industries have benefited from working with All Accounted For, from the hospitality sector and property sectors to construction, contracting, franchise and the educational sector.

They have faced many of the challenges that growing businesses encounter, such as capacity, staffing, margins and marketing to name a few. We draw on the “have been there, done that” experience when meeting with our clients, allowing us to provide valuable insight and guidance. We have developed strong relationships with other advisors in areas such as law, human resources and banking, to provide our clients with access to a team of trusted experts.

All Accounted For has developed best practice solutions using applications that interface with Xero, such as Vend, Posboss, Fergus, Workflowmax, Timely, ReceiptBank and many more, to save clients time and help increase profits.

They use Spotlight Reporting to provide easy to understand reporting and colour coded graphs to deliver meaningful and understandable information to our clients; as they say, a picture, in this case a graph, really is worth a thousand words.
